

BRACCO FELLOWSHIPS EDUCATION IN RESEARCH ENROLMENT FORM

Name of Institution ___AO CARDARELLI___

City and Country of Institution _Naples Italy_____

RESEARCH GROUP

Brief description of the research group and of its mission:

Diagnostic and Interventional Neuroradiology of Cardarelli Hospital has multiple major field of interest focusing the majority of them on diagnostic emergency of the head in haemorrhagic and ischemic stroke treatment.

The research group on both diagnostic and interventional group can count on optimal technological support with 2 1.5T MR unit, 1 biplane angio suite, and 2 128 CT scan.

The idea is to focus research in one of this 3 field helping us to collect data and publish results.

TITLE OF PROPOSED RESEARCH PROJECT

Ischemic STROKE treatment in patients with low NIHSS: how to select patients

OBJECTIVES

- Low NIHSS in patient with AIS is one of the central debated point: should we treat or not? Which are criteria to follow?

APPLICANT'S DUTIES

- **Participate to daily diagnostic and interventional activity**
- **Collect data and suggestion by project leader**

APPLICANT'S BENEFITS

- Participation on scientific outcomes of the project i.e. presentations to congresses or publications of papers
- Increase technical skills and knowledge
-

- Project Leader: Mario Muto MD
- Members: Massimo Muto MD, Giuseppe Leone MD, Flavio Giordano MD Gianluigi Guarnieri MD
